Index to Volume 50

Author Index

ABBOTT, ISABELLA A.
New Species and Notes on Marine Algae from Hawai'i, 142–156
ADOLF, JASON E.
Isolation and Characterization of *Scytonema ocellatum* Extracellular Nuclease (abstract), 236
ALLEN, COLLEEN B.—*see* Laws and Allen
ARMSTRONG, PAUL
Major Histocompatibility Complex Diversity in the Hawaiian Monk Seal (abstract), 237
AYALA-DUVAL, E., M. DEL C. MALDONADO-MONROY, J. A. BECERRIL-MARTINEZ, X. M. AYALA-FERNÁNDEZ, V. BARRIOS-OROZCO, D. T. GARCÍA-TAMAYO, and C. JUÁREZ-ORTIZ
Spatial and Temporal Distribution of Zooplankton Biomass in the Gulf of Tehuantepec, Mexico, 415–426
AYALA-FERNÁNDEZ, X. M.—*see* Ayala-Duval et al.

BARRIOS-OROZCO, V.—*see* Ayala-Duval et al.
BASSET, YVES, G. A. SAMUELSON, and S. E. MILLER
Similarities and Contrasts in the Local Insect Faunas Associated with Ten Forest Tree Species of New Guinea, 157–183
BECERRIL-MARTINEZ, J. A.—*see* Ayala-Duval et al.
BERN, H.—*see* Shepherd et al.
BUSH, AARON
Gastric Evacuation in Juvenile Scalloped Hammerhead Sharks, *Sphyrna lewini* (abstract), 237

CABRERA, THERESA A.
Occurrence of the Hawaiian Hoary Bat in Koa/ʻŌhiʻa Montane Wet Forest on the Island of Hawai'i (abstract), 238
CARAWAY, VICKIE—*see* Morden et al.
CASTLE, P. H. J.
A New, Distinctively Colored Snake Eel (Anguilliformes: Opichthidae) from Northeastern New Zealand, 108–116
CHEN, T.—*see* Shepherd et al.
CLARKE, THOMAS A.
Reproductive Biology and Egg Abundance of the Yellowtail Scad or ʻŌmaka, *Atule mate* (Carangidae), in Kaneʻohe Bay, Hawai'i, 93–107
COLE, KATHLEEN M.—*see* Sheath and Cole
COLOMANARES, SERAFIN—*see* Dharmasiri et al.
CRAWFORD, DANIEL J.—*see* Sun et al.
CROW, GERALD L., CHRISTOPHER G. LOWE, and BRADLEY M. WETHERBEE
Shark Records from Longline Fishing Programs in Hawai'i with Comments on Pacific Ocean Distributions, 382–392
CROW, GERALD L.—*see* Wetherbee et al.

DEFELICE, RALPH C.
Sedimentary Relationships and Community Structure of Macrofaunal Assemblages in Reef-Associated Sediments at Hanalei Bay, Kaua'i (abstract), 238
DHARMASIRI, NIHAL, SERAFIN COLOMANARES, and H. M. HARRINGTON
Tobacco Glutamate Decarboxylase is a Calmodulin-Binding Heat Shock Protein (abstract), 239
DONALDSON, TERRY J.
Fishes of the Remote Southwest Palau Islands: A Zoogeographic Perspective, 285–308
DUDA, THOMAS F., JR.
Evolution of Diet in *Conus* (abstract), 239
DUERR, JEFFREY M.
Sodium-Proton Exchange in the Atlantic Lobster (abstract), 240

ESCOFET, ANAMARÍA—*see* Pombo and Escofet

FANCY, STEVEN G., STUART A. SANDIN, MICHELLE H. REYNOLDS, and JAMES D. JACOBI
Distribution and Population Status of the Endangered ʻAkiapōlāʻau, 355–362
FANCY, STEVEN G.—*see* Jacobi et al.
FREDERICK, JENNIFER L.
Movement and Early Survivorship of Juvenile Coral Reef Fishes on Artificial Patch Reefs (abstract), 240
FRETZ, SCOTT
Spatial and Temporal Dynamics within a Hawaiian Forest Bird-Arthropod Community (abstract), 241
FRIEDLANDER, ALAN M.
Seasonal Variation in a Coral Reef Fish Assemblage on an Exposed Shoreline (abstract), 241

GARCÍA-TAMAYO, D. T.—*see* Ayala-Duval et al.
GEMMA, J. N.—*see* Koske and Gemma
GIAMBELLUCA, THOMAS W.—*see* Loague et al.
GIFFIN, JON G.—*see* Jacobi et al.
GOODMAN-LOWE, GWEN
Adventures of a Scatologist: A Study of the Diet of the Hawaiian Monk Seal, *Monachus shauinslandi* (abstract), 242
GRAU, E.—*see* Shepherd et al.
GUERRERO, JESSE P.—*see* Wiles and Guerrero

HADFIELD, MICHAEL J.—*see* Kobayashi and Hadfield
HARRINGTON, H. M.—*see* Dharmasiri et al.
HART, PATRICK J.
Mixed-Species Flocking in Endangered Hawaiian Honeycreepers (abstract), 242
HIRANO, T.—*see* Shepherd et al.
HUMAÑA, ANA MARÍA—*see* Sun et al.

JACOBI, JAMES D., STEVEN G. FANCY, JON G. GIFFIN, and J. MICHAEL SCOTT
Long-Term Population Variability in the Palila, an Endangered Hawaiian Honeycreeper, 363–370
JACOBI, JAMES D.—*see* Fancy et al.
JUÁREZ-ORTIZ, C.—*see* Ayala-Duval et al.

KIDO, MICHAEL H.
Morphological Variation in Feeding Traits of Native Hawaiian Stream Fishes, 184–193
KIEHN, MICHAEL and DAVID LORENCE
Chromosome Counts on Angiosperms Cultivated in the National Tropical Botanical Garden, Kaua'i, Hawai'i, 317–323
KIRCH, PATRICK V.—*see* Lepofsky et al.
KOBAYASHI, SHARON R. and MICHAEL J. HADFIELD
An Experimental Study of Growth and Reproduction in the Hawaiian Tree Snails *Achatinella mustelina* and *Partulina redfieldii* (Achatinellidae), 339–354
KOSKE, R. E. and J. N. GEMMA
Arbuscular Mycorrhizal Fungi in Hawaiian Sand Dunes: Island of Kaua'i, 36–45
KUFFNER, ILSA B., M. E. ONDURSEK, and M. P. LESSER
Distribution of UV-Absorbing Mycosporine-Like Amino Acids in Tissues of Hawaiian Corals: A Depth Profile (abstract), 243
KUKERT, HELMUT—*see* Smith and Kukert

LAWS, EDWARD A. and COLLEEN B. ALLEN
Water Quality in a Subtropical Embayment More Than a Decade after Diversion of Sewage Discharges, 194–210
LEPOFSKY, DANA, PATRICK V. KIRCH, and KENNETH P. LERTZMAN
Stratigraphic and Paleobotanical Evidence for Prehistoric Human-Induced Environmental Disturbance on Mo'orea, French Polynesia, 253–273
LEPSON, JAAN KAIMANU
Proximate Function of Subadult Plumage in the Hawai'i 'Ākepa: Results of Model Playback Experiments (abstract), 243
LERTZMAN, KENNETH P.—*see* Lepofsky et al.
LESSER, M. P.—*see* Kuffner et al.
LLOYD, D'ARTAGNAN—*see* Loague et al.
LOAGUE, KEITH, D'ARTAGNAN LLOYD, THOMAS W. GIAMBELLUCA, ANH NGUYEN, and BURT SAKATA
Land Misuse and Hydrologic Response: Kaho'olawe, Hawai'i, 1–35
LONGENECKER, KEN
Rotenone as a Tool for Ecological Experiments (abstract), 244
LORENCE, DAVID H.—*see* Kiehn and Lorence
LOWE, CHRISTOPHER G.—*see* Crow et al., Wetherbee et al.

MALDONADO-MONROY, M. DEL C.—*see* Ayala-Duval et al.
MCDOWALL, R. M.
Etymology of Some Common Names for New Zealand Freshwater Fishes, 117–121
MEYER, JEAN-YVES
Status of *Miconia calvescens* (Melastomataceae), a Dominant Invasive Tree in the Society Islands (French Poynesia), 66–76
MILLER, S. E.—*see* Basset et al.
MOBLEY, J. R., JR., M. SMULTEA, T. NORRIS, and D. WELLER
Fin Whale Sighting North of Kaua'i, Hawai'i, 230–233
MOFFITT, ROBERT B. and FRANK A. PARRISH
Habitat and Life History of Juvenile Hawaiian Pink Snapper, *Pristipomoides filamentosus,* 372–381
MORDEN, CLIFFORD W., VICKIE CARAWAY, and TIMOTHY J. MOTLEY
Development of a DNA Library for Native Hawaiian Plants, 324–335
MORI, I.—*see* Shepherd et al.
MOTLEY, TIMOTHY J.
Artificial Hybridization in the Hawaiian Endemic Genus *Labordia* (Loganiaceae) (abstract), 244
MOTLEY, TIMOTHY J.—*see* Morden et al.
MOUNTCASTLE, PAUL D.
Constructive Postmodern Physics (abstract), 245

NEUPANE, KABI RAJ and J. I. STILES
Isolation of ACC Synthase Gene from Papaya and Study of Its Expression during Fruit Ripening (abstract), 245
NGUYEN, ANH—*see* Loague et al.
NISHIOKA, R.—*see* Shepherd et al.
NORRIS, T.—*see* Mobley et al.

OKUNO, JUNJI
Rhynchocinetes rathbunae, a New Shrimp from the Hawaiian Islands (Crustacea: Decapoda: Rhynchocinetidae), 309–316
ONDURSEK, M. E.—*see* Kuffner et al.
OSORIO RUIZ, CECILIA
Note on First Records of *Isognomon* from Easter Island, 234–235

PARRISH, FRANK A.—*see* Moffitt and Parrish
PEACHEY, RITA L.
Phototoxicity in a Coral Reef Flat Community (abstract), 246
PETERSON, BO
Johan Emanuel Wikström, with Historical Notes on the Genus *Wikstroemia,* 77–83
PHILLIPS, NAOMI
Biogeography of the Genus *Sargassum* (Phaeophyta) in the Pacific Basin: Current Status and Modern Revision (abstract), 246
POMBO, OSCAR ALBERTO and ANAMARÍA ESCOFET
Effect of Exploitation on the Limpet *Lottia gigantea:* A Field Study in Baja California (México) and California (U.S.A.), 393–403

RANDALL, JOHN E.
Two New Soles of the Genus *Aseraggodes* (Pleuronectiformes: Soleidae) from the Hawaiian Islands, 427–440

REYNOLDS, MICHELLE H.—*see* Fancy et al.
RICHMAN, N.—*see* Shepherd et al.
RIEGL, BERNHARD
Hermatypic Coral Fauna of Subtropical Southeast Africa: A Checklist, 404–414
RIVEROS G., MAGALY—*see* Sun et al.
ROHRER, JOBY L.
Raised Hematocrit Levels in Males of Sexually Dichromatic Birds as a Secondary Sexual Character (abstract), 247

SAKAMOTO, T.—*see* Shepherd et al.
SAKATA, BURT—*see* Loague et al.
SAMUELSON, G. A.—*see* Basset et al.
SANDIN, STUART A.—*see* Fancy et al.
SAUL, STEPHEN—*see* Zheng and Saul
SCOTT, J. MICHAEL—*see* Jacobi et al.
SEAPY, ROGER R.
Atlantid Heteropods as Living Substrata for Eggs of *Halobates sericeus* (Heteropoda: Gerridae), 84–92
SHAFER, DAVID J.
Spatial Settlement Patterns and Ontogenetic Habitat Shifts of the Tropical Marine Goby *Bathygobius coalensis* in Intertidal Zones (abstract), 247
SHEATH, ROBERT G. and KATHLEEN M. COLE
Stream Macroalgae of the Fiji Islands: A Preliminary Study, 46–54
SHEPHERD, BRIAN S., T. SAKAMOTO, R. NISHIOKA, N. RICHMAN, I. MORI, T. CHEN, T. HIRANO, H. BERN, and E. GRAU
Somatotrophic Activities of Homologous Tilapia Prolactin (tPRL$_{177}$) and Growth Hormone in the Tilapia, *Oreochromis mossambicus* (abstract), 248
SMITH, CRAIG R. and HELMUT KUKERT
Macrobenthic Community Structure, Secondary Production, and Rates of Bioturbation and Sedimentation at the Kane'ohe Bay Lagoon Floor, 211–229
SMULTEA, M.—*see* Mobley et al.
STUESSY, TOD F.—*see* Sun et al.
SUN, BYUNG YUN, TOD F. STUESSY, ANA MARÍA HUMAÑA, MEGALY RIVEROS G., and DANIEL J. CRAWFORD
Evolution of *Rhaphithamnus venustus* (Verbenaceae), a Gynodioecious Hummingbird-Pollinated Endemic of the Juan Fernández Islands, Chile, 55–65

VANDERWERF, ERIC A.
Lack's Clutch Size Hypothesis: An Examination of the Evidence Using Meta-Analysis (abstract), 248–249

WELLER, D.—*see* Mobley et al.
WETHERBEE, BRADLEY M., GERALD L. CROW, and CHRISTOPHER G. LOWE
Biology of the Galápagos Shark in Hawai'i (abstract), 249
WETHERBEE, BRADLEY M.—*see* Crow et al.
WILES, GARY J. and JESSE P. GUERRERO
Relative Abundance of Lizards and Marine Toads on Saipan, Mariana Islands, 274–284
WILSON, KENNETH A.
Alien Ferns in Hawai'i, 127–141

ZHENG, XIAOWEN and STEPHEN SAUL
Molecular Characterization of the White Eye Gene of Oriental Fruit Fly, *Bactrocera dorsalis* (Diptera: Tephritidae) (abstract), 249
ZHUANG, ZHENPENG
Divalent Cation Transport Processes in the Pyloric Ceca of a Sea Star, *Pycnopodia helianthoides* (abstract), 250

Subject Index

ACC synthase gene, isolation from papaya, 245
Achatinella mustelina, growth and reproduction, 339–354
'akepa—see *Loxops coccineus coccineus*
'akiapōlā'au—see *Hemignathus munroi*
alga, freshwater from Fiji, 46–54
  marine, new species from Hawai'i, 142–156
Anguilliformes, 108–116
Aseraggodes, two new species, 427–440
Atlantidae, 84–92
Atule mate, reproductive biology, 93–107

Bactrocera dorsalis, characterization of White Eye gene, 249
Balaenoptera physalus, sighting in Hawai'i, 230–233
bat, Hawaiian hoary—see *Lasiurus cinereus semotus*
Bathygobius coalensis, settlement patterns, 247
bioturbation rates, at Kane'ohe Bay lagoon floor, 211–229
bird–arthropod community, dynamics in Hawaiian forest, 241
Bufo marinus, relative abundance on Saipan, 274–284

Carcharhinus galapagensis, biology in Hawai'i, 249
Carangidae, 93–107
chromosome counts of angiosperms, 317–323
clutch size hypothesis (David Lack), meta-analysis, 248–249
Conus, evolution of diet, 239
coral, distribution of UV-absorbing amino acids, 243
  hermatypic fauna of Southeast Africa, 404–414
coral reef flat, phototoxicity, 246
coral reef sediments, macrofaunal communities, 238

DNA library, native Hawaiian plants, 324–335
Drepanidinae, 355–370

eel, snake, 108–116
Eleotridae, 184–193
etymology, common names of New Zealand fishes, 117–121

fern, alien species in Hawai'i, 127–141
fish, coral reef, movement and early survivorship, 240
  coral reef, seasonal variation in assemblage, 241
  etymology of common names, 117–121
  morphological variation in feeding, 184–193
  of the Southwest Palau Islands, 285–308
fruit fly, oriental—see *Bactrocera dorsalis*
fungus, arbuscular mycorrhizal, 36–45

Gerridae, 84–92
Gobiidae, 184–193, 247

Halobates sericeus, egg substrate, 84–92
Hemignathus munroi, distribution and population status, 355–362
herpetofauna of Saipan, 274–284
Heteropoda, 84–92
Heteroptera, 84–92
Homarus americanus, sodium-proton exchange, 240
honeycreeper, Hawaiian, 'akiapōlā'au, 355–362
  hematocrit levels, 247
  mixed-species flocking, 242
  palila, population variability, 363–370

insect, faunas associated with ten forest tree species, 157–183
Isognomon, new records from Easter Island, 234–235

Kaho'olawe, land misuse and hydrologic response, 1–35

Labordia, artificial hybridization, 244
Lasiurus cinereus semotus, occurrence in montane wet forest, 238
limpet—see *Lottia gigantea*
lizard, relative abundance on Saipan, 274–284
lobster, Atlantic—see *Homarus americanus*
Loganiaceae, 244
Lottia gigantea, effect of exploitation, 393–403
Loxioides bailleui, population variability, 363–370
Loxops coccineus coccineus, proximate function of subadult plumage, 243

macrobenthic community structure, at Kane'ohe Bay lagoon floor, 211–229
Melastomataceae, 66–76
Miconia calvescens, status in Society Islands, 66–76
Monachus schauinslandi, diet, 242
  histocompatability complex diversity, 237
monk seal—see *Monachus schauinslandi*
Mo'orea, evidence of prehistoric human disturbance, 253–273

'ōmaka—see *Atule mate*
Opichthidae, 108–116
Oreochromis mossambicus, prolactin and growth hormone, 248

palila—see *Loxioides bailleui*
Partulina redfieldii, growth and reproduction, 339–354
Phaeophyta, 143–144, 246
phototoxicity, in coral reef flat community, 246
physics, postmodern, 245
pink snapper—see *Pristipomoides filamentosus*
Pleuronectiformes, 427–440
Pristipomoides filamentosus, habitat and life history, 371–381
production, secondary, at Kane'ohe Bay lagoon floor, 211–229
pteriodphyte, alien in Hawai'i
Pycnopodia helianthoides, divalent cation transport, 250

Quassiremus polyclitellum, n. sp., 108–116

Rhaphithamnus venustus, evolution, 55–65
Rhodophyta, 144–151
Rhynchocinetes rathbunae, n. sp., 309–316
rotenone, as tool for ecological studies, 244
Rubiaceae, chromosome counts, 317–323

Sargassum, biogeography in the Pacific basin, 246
Scad, Yellowtail—see *Atule mate*
Scytonema ocellatum, extracellular nuclease, 236
sea star—see *Pycnopodia helianthoides*
sedimentation rates, at Kane'ohe Bay lagoon floor, 211–229
sewage diversion, effect on water quality in Kane'ohe Bay, 194–210
shark, longline fishing records from Hawai'i, 382–392
  Galápagos—see *Carcharhinus galapagensis*
  scalloped hammerhead—see *Sphyrna lewini*
shrimp—see *Rhynchocinetes rathbunae*
snail, tree, growth and reproduction, 339–354
Soleidae, 427–440
Sphyrna lewini, gastric evacuation, 237

tilapia—see *Oreochromis mossambicus*
toad, marine—see *Bufo marinus*
tobacco glutamate decarboxylase, bonding of calmodulin, 239
tree, associated insects in New Guinea, 157–183

Verbenaceae, 55–65

water quality, after diversion of sewage discharge, 194–210
whale, fin—see *Balaenoptera physalus*
Wikstroemia, historical notes, 77–83
Wikström, Johan Emanuel, 77–83

zoogeography, Southwest Palau Islands fishes
zooplankton, distribution of biomass in Gulf of Tehuantepec, 415–426
